Subject: [External] ACP - PLEASE DENY!!!

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

Dear Governor Cooper,

I've been calling your office all day. I think I can safely assume your lines are jammed because throngs of panicked citizens are trying to reach you so that you will avert the immanent catastrophe of approval of the horrendously bad ACP. WE IMPLORE YOU to swiftly turn away from this negative direction and embrace a clean energy future, now! which will guarantee the safety of our natural resources and our citizens.

WHAT MOTIVATES YOU? Watching out for the welfare of the people or placating the oil and gas industry? You don't have to take care of the "industry" ...it will take care of itself when the markets and demands for their disastrous product dictate a clean alternative. It has been proven we don't need the pipeline and it will NOT benefit North Carolina. I won't reiterate all the sensible arguments against the pipeline, which I'm sure you're well aware of. So, with awareness of the dead end it poses, and the promise of a vibrant and clean energy climate, which takes GOOD care of ALL.... how can a politician make a decision that hurts EVERYONE, even you and your future generations? I am stating facts.

Thank you for being the politician who will take care of us and we will reward you!! with our support.

Nathalie Worthington
